

Desperate Help Needed!!

Ozzie needs our help!!

Master Ozzie is 5 years old and sadly in desperate need of an operation for his cruciate ligament, without this operation he will be reduced to walking on 3 legs, and be in considerable pain!!

Ozzie lives with his adopted brother Master Blue, and so wants to continue their life long friendship together.

Ozzie's cruciate repair costs in the region of **£1.800.00**, we here at LETBR are helping to raise as much money as we can to help this wonderful boy, Ozzie was re-homed via us back in 2005 along with his brother Master Blue, they have had a wonderful life together and have

been so loved and cared for, sadly his new owners let the insurance policy lapse.

Please can you help? Every penny that is donated to Master Ozzie's operation will be logged, and you will all get to see and read progress reports on him.

If you all just gave **£1.00** we would soon be able to book him in for his operation!!

You can donate using our Paypal on our website, or send a cheque to us at

36 Albert Street
HOLBEACH
Spalding
Linc's
